Summary

MCA student and aspiring **Web Developer** with hands-on experience in **Django and PHP-based web applications**. Strong foundation in **CRUD operations, database design, dashboards, and backend logic**. Passionate about building scalable systems and currently exploring **AI/ML and Cybersecurity**. Actively seeking **internship and entry-level opportunities** in web and backend development.

Skills

Programming Languages: Python, PHP, Java, C, SQL, C++, Shell, JavaScript

Web Development: Django, HTML, CSS, JavaScript

Databases: MySQL, MongoDB

Tools & Platforms: Git, GitHub, VS Code, Android Studio, Linux

Soft Skills: Problem solving, team collaboration, communication, time management

Early Career Experience

Android Development Intern

Dec 2023 – Feb 2024

Grapesgenix Technical Solutions Pvt. Ltd., Thrissur

- Completed a three-month internship focused on Android application development fundamentals and workflows.
- Participated in more than ten live demonstrations and technical discussions with industry professionals.

Projects

TiCare – Pet Vaccination Management System | PHP, MySQL

- Designed and developed a web application to manage vaccination records for over fifty pets and owners.
- Implemented CRUD operations and status-based tracking (Upcoming, Administered, Overdue), which reduced manual record handling by approximately sixty percent.
- Generated dashboards and reports to monitor more than one hundred vaccination schedules.

Construction Helper – Android Application | PHP, MySQL, Android Studio

- Built an Android application supporting multiple construction categories and user roles.
- Integrated backend services using PHP and MySQL to manage over one hundred product listings.
- Enabled material comparison workflows, which reduced user decision time by approximately thirty percent.

Certifications

- **Advanced AI Program (ELITE Grade)** — TECHYSPOT and Nirmala College (Jul–Aug 2025)
- **Python for Data Science** — NPTEL (Four-week certified course)
- **Android Development Internship Certificate** — Grapesgenix Technical Solutions Pvt. Ltd.

Education

Master of Computer Applications (MCA)

Nirmala College, Muvattupuzha

Sep 2024 – Apr 2026

Ongoing

Bachelor of Computer Applications (BCA)

Mar Osthatheos College, Perumpilavu

Jun 2021 – Mar 2024

CGPA: 6.5
